Lorenzo —

Our current VPB and well map is attached. 161 and 162 are located SE of the RE108 hotspot, and 171 is near the intersection of Hempstead and Hicksville.

Thanks, Carol and Brian. Brian, do you have a current figure that shows VPBs 161, 162, and 171. Thanks.

Hi Brian. This is to let you know that due to reorganization at EPA Region 2, I am no longer working on the Navy-Bethpage project. Pls replace my name with Lorenzo Thantu on any emails that you normally send to me. It was nice working with you.

Thanks,
Carol

All:

As per discussions between the Navy and NYSDEC, NYSDEC requested that the Navy submit the validated data as soon as the information is available. On behalf of the Navy, please find attached the tabulated data for VPBs 161, 162, and 171.
